COOKIE POLICY

As AVEC TURİZM OTELCİLİK İNŞAAT TİCARET ANONİM ŞİRKETİ, we use cookies on our other websites ("Internet Sites"), especially our website at https://tomtomsuitesistanbul.com/. Cookies are small text files that are stored on your hard drive through your browser when you visit our Websites.

This nicole.com.tr Cookie Policy ("Cookie Policy") is prepared to inform the visitors of the website named nicole.com.tr ("Website") regarding the use of cookies by nicole.com.tr and the principles and details of the use of these cookies.

The purpose of using Cookies is to collect information about the use of the Website. Cookies do not contain any personal information, including data stored on visitors' computers, and are not used for User/identification of Website visitors. nicole.com.tr uses Cookies to make the Website user-friendly and to facilitate browsing on nicole.com.tr.

Generally, no Personal Data is stored in the Cookies used by our Websites. As a rule, Cookie technology only provides us with anonymous data. For example; Data about which pages an unidentified user visits on the Websites, which products are viewed, etc.

On the other hand, your Personal Data can only be saved in Cookies, provided that your explicit consent is obtained within the scope of the Clarification Text. In this way, if you want to stop the use of the Cookies we have placed based on your explicit consent, you can withdraw your explicit consent.

In addition, you can prevent Cookies from being kept on your device by making the necessary settings in your browser. Please refer to the browser manufacturer's help option for details on how to do it. Here you will learn how;

- your browser can inform you when you are exposed to a new cookie,
- to prevent your browser from accepting new cookies, and
- to generally disable the receipt and storage of cookies.

We would like to remind you that you can always delete Cookies already stored on your computer using your browser's settings.

Of course, thanks to your browser settings, you can view the Websites without using Cookies. However, this may cause some services to be unavailable on the Websites where the use of the relevant Cookies is essential.

Many internet browsers are set to automatically accept cookies by default. These settings can be changed by giving a warning when cookies are sent to visitors' devices or by blocking cookies. Blocking cookies on the Website by visitors may adversely affect the user experience on the Website. For example, some parts of the web pages may not be displayed, all functions of the said channels may not be accessible, access may be limited or information prepared specifically for visitors may not be accessible.

When the Website is visited using different devices (tablets, phones, etc.), the cookie preferences of the browser used should also be adjusted.

As stated above, for detailed information on the use and discontinuation of cookies, we recommend that you refer to the help section of the browser manufacturer used.
